

Pennsylvania K-4 'Pacific' Order Information

Although our configurations are very representative of typical prototypes of the selected periods, it is difficult to guarantee that our versions carried all of the possible road numbers due to the type of rebuilding program employed by the Pennsylvania Railroad. For those interested in the ultimate accuracy of the road number modeled, we will assign a documented number in leu of you arbitrarily choosing one, leave the road number space below blank when ordering. We will try to have a documented road number for each division so if the division assignment is of importance you can so indicate in the space provided on the form. Because the quantities are very limited you may want to provide an alternate to your first choice and so designate it to prevent a further loss of time and possible selections, we will do our best to honor your first choice.

There is specific information to consider and decisions to be made for each of our K-4 versions, please carefully consider the following as you make your choices:

(SOLD OUT) Version #1 (As-built) \$3,600 - There will be 15 units produced with no choice of tender, the standard tender will be a 110P70 without stoker, the range of road numbers is 5400-5494 inclusive.

(SOLD OUT) Version #2 (Early) \$3,450 - There will be 5 units produced with no choice of tender, the standard tender will be a 110P70 without stoker, the range of road numbers is 5400-5494 inclusive.

Version #3 (Pre-war) \$3,400 - There will be 40 units produced, choose between a 110P75a tender with or without antenna or a 130P75 without antenna, all road numbers available excluding 5495-99.

(SOLD OUT) Version #4 (Post-war) \$3,400 - There will be 40 units produced, choose between a 110P75a tender with or without antenna or a 130P75 without antenna, all road numbers available excluding 5495-99.

(SOLD OUT) Version #5 (Mixed Configuration) \$3,400 - There will be 10 units produced, choose between a 110P75a tender with or without antenna or a 130P75 without antenna, all road numbers available excluding 5495-99.

(SOLD OUT) Version #6 (K-4sa) \$3,650 - There will be 10 units produced with no choice of tender, the standard tender will be a 130P75 antenna equipped, the road number on all units will be #612.
